INDIAN STATISTICAL INSTITUTE
## North-East Centre, Tezpur, Assam

Three-Day Workshop on Data Science and Artificial Intelligence using Python
November 08 - 10, 2023

The workshop is intended to introduce faculty members, researchers, and post-graduate students to the fields of data science and artificial intelligence. The curriculum for the workshop combines the delivery of information through lectures and hands-on sessions using the Python programming language. The workshop is expected to instill confidence among the participants in the emerging areas of data science and artificial intelligence with proper understanding and use of Python packages and libraries to effectively handle complex problems.

HIGHLIGHTS

Data Science **Artificial Intelligence** **Python**

ELIGIBILITY

Registered PhD students, independent researchers, faculty members and post-graduate students of any recognized public and private universities from any field that requires some aspect of data analysis and programming techniques are eligible to participate in the workshop by filling up the application form and payment of fees.

REGISTRATION FEES

Registration fee for the workshop (including GST) is Rs. 1000/- (Rupees one thousand only). Participants shall be provided with workshop kit, refreshments and decent working lunch during the workshop. Dinner will be arranged for outstation participants availing the accommodation provided by ISI.
